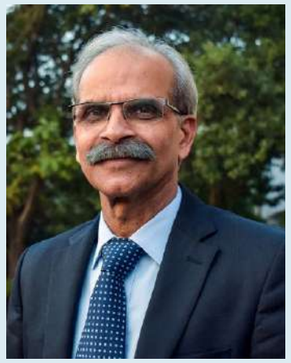
12 CONTACT US

From the **Director's Desk**



Prof. Virendra K Tewari
Director, IIT Kharagpur

IIT Kharagpur stands tall on its promise of being dedicated to the nation. In this respect, we aim to provide the industry with a technically high-quality employee pool that lends itself to the growth of various reputed organizations and contributes to our nation-building process. IIT Kharagpur seeks to improve upon this goal every year, the latest developments being the addition of micro-specialisations and the International Summer and Winter Term, arrangements that ensure that our students learn beyond the boundaries of their enriched curricula disciplinary boundaries. What is also encouraging is the students' participation in various technological, innovative ventures, and socio-cultural events in national and international events, considering the importance of these experiences in shaping up their personalities as individuals.

IIT Kharagpur invites the recruiters to the Campus Recruitment Programme and gives this batch of graduating students an opportunity to prove themselves and add value to the organisations they join. We hope this will be a pleasant experience for the recruiters and a step forward in improving upon the past relations and building up new ones.

From the **CDC Chairperson's Desk**

Prof. Rajakumar A.
Chairperson, CDC
IIT Kharagpur

Indian Institute of Technology (IIT) Kharagpur, an Institute of National Importance, is famous for her legacy of diversity in the arena of Engineering and Technology. IIT KGP attracts top talents at all levels and takes pride in its academic standards and research. The Institute provides multiple avenues for the students to learn inter and intradisciplinary subjects during their tenure at this temple of learning. Students of our Institute are being exposed to various courses, which are academically acclaimed worldwide.

Our students put their best efforts to learn beyond the boundaries. Nurturing the students towards holistic development, shaping their personalities and imbibed them with qualities of a good, responsible and ethical citizen of this country is our primary goal. CDC operates with the support of faculty members from various academic divisions and trying its best efforts to achieve this goal.The strong commitment to providing quality manpower to Industry and academia, which indirectly helps in nation-building, attracts our coveted recruiters to visit our campus regularly. We value their partnership and confirming our untiring support to them. Moreover, we welcome all our new partners to our campus process and look for a long healthy relationship.

In the last few years, CDC has taken initiatives to value the engagement of each specific company through the Company Relation Index (CRI). It considers some critical points like internship engagement, PPO conversion, placement engagement, profiles versus the number of departments opened, postgraduate engagements, etc. CDC also took the initiative to engage Post Graduate students for long term projects (one semester / two semesters) at Industry. CDC serves as one of the main coordinators to advertise various academic engagements with any company that wishes to collaborate with IIT Kharagpur like Micro-Credit, Guest Lecture, Chair-Professor, R&D engagements, etc. Hence, this is to appeal to all the recruiters to spare their valuable time on these aspects as per the opportunity.

I take this as a privilege to extend my sincere gratitude to all the industrial partners. They have rendered their best/outstanding support for internship/full-time hiring during the pandemic season. Further, I request their extraordinary support and career engagement in the trying times.
On behalf of the Career Development Centre - IIT KGP, we wish you all a fruitful everlasting association with our Institute IIT-KGP.
Wishing you all a healthy and progressive year ahead!

ABOUT **IIT KHARAGPUR**

IIT Kharagpur, founded in 1951, is the oldest and largest IIT and the birthplace of quality engineering education in India. It strives to live up to its motto **"योगःकर्मसु कौशलम्"** (excellence in action is yoga) by admitting the finest minds in the country every year and sculpting them into the researchers, innovators, entrepreneurs and industry leaders. It has firmly established itself among the eminent institutions around the globe in the field of technology and research through the dedicated efforts of its distinguished faculty members, state-of-the-art infrastructure and a shared passion for serving the nation and humankind through constant redefinition, innovation and growth.

QS WORLD UNIVERSITY RANKINGS®

IIT Kharagpur World Rank: 280

National Institutional Ranking Framework

Engineering Universities Rank: 5

Academic Offerings

IIT Kharagpur has a demonstrated history of the pursuit of excellence and has been constantly modifying its curriculum to meet the ever-evolving needs of industry around the globe. The institute boasts 19 departments, 12 schools,17 research centers and 2 academies with over 61 courses being offered in engineering, science, humanities, management, law and design. World-class facilities and industrial collaborations further enhance the learning experience by providing a practical aspect to augment classroom teaching. The only uniformity in the massive diversity in our offerings is the relentless quest for advancement and growth in all spheres.

19 DEPARTMENTS

12 SCHOOLS

17 RESEARCH CENTRES

61 COURSES

"योगः कर्मसु कौशलम्"

Faculty

IIT Kharagpur, apart from being an epitome of academic excellence, also symbolises a higher vision as an institute of national importance. It is one of the most prestigious teaching destinations for the finest minds in science, technology, management, humanities and law. IIT Kharagpur has an impressive student-teacher ratio with a pool of over 500 distinguished faculty members. Innumerable faculty members have been featured as the top researchers in India by the Department of Science and Technology. The faculty at the Institute has been honoured with the Shanti Swarup Bhatnagar award and the Friedrich Wilhelm Bessel award. What differentiates the faculty at IIT Kharagpur is a passion for teaching and in-depth interaction with students resulting in their extensive participation and consequent learning in the currently ongoing research and industrial projects.

Flexible Curriculum (Minors and Micro-Specialisations)

IIT Kharagpur periodically reinvents itself in terms of the academic curriculum so as to stay on the cutting edge of technology and provide its students with the best set of skills to excel. Our students today have the flexibility to take cross-departmental courses as additionals or even complete a minor degree in another department, in addition to learning the ins and outs of their major degree. The curriculum also provides an opportunity to complete a Micro Specialisation in extremely advanced aspects of engineering like systems reliability, embedded wireless systems or biomedical devices. Interdisciplinary courses such as Financial Engineering, Engineering Entrepreneurship and Artificial Intelligence, Machine Learning and Applications and the opportunity to pursue an interdisciplinary Bachelor's Thesis enables them to undertake cutting-edge research and leads to a holistic approach towards industry.

International Participation

IIT Kharagpur strongly encourages the international participation of its students and faculty. Apart from securing international internships and training in reputed institutes and organisations, IIT Kharagpur students have proven their mettle time and again at International competitions and conferences. Few of the competitions include Hult Prize, KPIT Sparkle, FIRA World cup, SAE competition, Mahindra Rise Prize, Intelligent Ground Vehicle Competition and CoreNet Global Academic Challenge 6.0. IIT Kharagpur students actively participate in international conferences like HPAIR, AIBC, Solvay Business Game WBD, among others.

International Semester Away Programme

This programme was initiated with an aim to provide students with international exposure and an opportunity to learn from the best academicians worldwide. The Semester Away Program allows Undergraduate, Postgraduate and doctoral students of IIT Kharagpur to spend up to one year doing research or coursework at a reputed university in India or abroad and has gone a long way in furthering research in India and abroad. ISAP includes various courses ranging from nano-technology, bio-mechanics, IoT and Robotics to supply chain network modelling. IIT Kharagpur also started its first GIAN courses providing an opportunity to national and international participants seeking experience and knowledge from reputed institute faculty.

The Pursuit of Excellence

NIRF RANKINGS 2020

IIT KGP's NIRF 2020 rankings in Architecture (1st), Law (4th), Engineering (5th) and Management (5th) take on specialized schools in their domains.

CAMPUS PLACEMENTS 2020-21

IIT Kharagpur witnessed tremendous participation by international firms in the 2020-2021 recruitment drive with over 53 international job offers.

QS WORLD UNIVERSITY RANKINGS

Post Graduate Diploma in Business Analytics, ranked 38th worldwide and 3rd in Asia by QS World University Rankings in business analytics category.

COVID SPECIALS: Researchers at IIT Kharagpur have developed a vehicle-based mechanized broom to clean the 2100 acre campus area. The technology has been successfully tested across the campus during the present lockdown situation.

Students at IIT Kharagpur have successfully collaborated and completed projects with ICMR for vaccine delivery in remote locations using drones.

Researchers at IIT Kharagpur have implemented a 45 minute testing tool for Covid 19 called Covirap at reasonable prices and hope to make it commercially available soon.

IIT KGP students secured 1st Runners-up position at the NEC Hackathon: Environment. The PAN India competition organised by NEC （日本電気株式会社） and HackerEarth witnessed participation from 1149 teams from all over the country.

IIT Kharagpur startup - Infinity Box has won the Hult Prize Beirut Regionals 2020. Infinity Box is a novel initiative by a group of young Kgpians who aim to change the dynamics of the food delivery industry by replacing single-use plastic containers with reusable containers.

IIT Kharagpur Students won the National Finals of CFA Institute Research Challenge 2019-2020 and went on to represent India in the Asia-Pacific Regionals.

Students have established dominance in international competitions and conferences such as the Hult Prize, Solvay Business Games and case study competitions such as APICS Supply Chain Case Study Competition. Out of the 2 lakh applicants, 12 teams from IIT Kharagpur qualified for the regional round of Hult Prize.

Admission Procedure

The admission procedure for the various programmes at IITs ensures that only the very best of students make it to their campuses. The admission to various programmes is carried out through the following highly competitive national level examinations.

JEE (Advanced Joint Entrance Examination)

- Bachelor of Technology (B. Tech.)
- Bachelor of Architecture (B. Arch.)
- Dual Degree (Integrated B. Tech. + M. Tech.)
- 5 Year Integrated M. Sc.

GATE (Graduate Aptitude Test in Engineering)

- Master of Technology (M. Tech.)
- Master of City Planning (M.C.P.)

JAM (Joint Admission Test for M.Sc.)

- Master of Science (M. Sc.)

Admission to the Doctoral Programme (Ph.D)

- QUALITY AND RELIABILITY ENGINEERING (6)

VINOD GUPTA SCHOOL OF MANAGEMENT
- BUSINESS MANAGEMENT
- EXECUTIVE MBA
- BUSINESS ANALYTICS
- BUSINESS MANAGEMENT(2019 BATCH)

Degrees Offered

Bachelor of Technology (B. Tech.)

Duration: 4 years
Internship: 2 months
Minor & Honours: Option to earn an Honours degree (in the same department) or a Minor degree (in another department). This requires taking an additional five specially selected courses

Bachelor of Architecture (B. Arch.)

Duration: 5 years
Internship: 6 months
Minor & Honours: Option to earn an Honours degree (in the same department) or a Minor degree (in another department). This requires taking an additional five specially selected courses

Dual Degree (Integrated B.Tech. + M. Tech.)

Duration: 5 years
Internship: 2 months
Project Duration: 1 year
Minor: Option to earn a Minor degree (in another department). This requires taking an additional five specially selected courses.
Teaching Assistantship: Affiliated to course instructors for a duration of 1 year

5 Year Integrated M. Sc.

Duration: 5 years
Internship: 2 months
Thesis Duration: 1 year
Graduate Programme Assistantship: Affiliated to course instructors for a duration of 1 year

Master of Technology (M. Tech.)

Duration: 2/3 years
Thesis Duration: 1 year
Teaching/Research Assistants: Affiliated to course instructors or research projects for duration of 2/3 years .

Master of City Planning (M.C.P.)

Duration: 2 years
Internship: 6 months
Teaching Assistantship: Affiliated to course instructors for a duration of 1 year

Master of Science (M. Sc.)

Duration: 2 years
Project Duration: 1 year

Masters in Medical Science and Technology (MMST)

L.L.B. with Honours in Intellectual Property Law

Master of Human Resource Management (MHRM)

Master of Business Administration (MBA)

Doctoral Programme (Ph. D.)

The Ph.D. programme offered by the institute requires an original doctoral thesis that should result in a significant contribution to that field. The aim of this programme is to keep pace with the expanding frontiers of knowledge and provide research training relevant to the country's technological, social and economic objectives. The average duration of the programme is 4-5 years.

Number of Academic Programmes Offered

15 B.Tech.

35 B.Arch, Dual Degree, Integrated Masters

67 MBA, MHRM, LLB, MMST, MCP, M.Sc/ M.Tech/ MS

Research and Projects

IIT Kharagpur accords pivotal status to research and development in line with its firm resolve to make a positive contribution to society. The Institute is widely acclaimed for the quality and breadth of its research enterprise, and particularly for its openness to multidisciplinary research.

Several highly rated initiatives represent a long IIT Kharagpur tradition of cross-disciplinary research and collaboration. In this continuous quest for excellence in our research endeavours, we recognise the importance of modernisation in infrastructure and experimental facilities.

State-Of-The-Art Facilities & Centres

- Advanced VLSI Laboratory
- Centre for Railway Research
- Central Research Facility
- Centre for Theoretical Studies
- Computer and Informatics Centre
- Kalpana Chawla Space Technology Cell (KCSTC)
- Membrane Separation Laboratory
- Microfluidics and Microscale Transport Processes Laboratory
- National Facility of Stable Isotope Geochemistry (NAFSIG)
- National Facility for Electron Probe Micro-Analysis (NAFEPMA)
- Rural Technology Action Group - Eastern India
- Security of Internet of Things Laboratory
- Centre for Excellence in Robotics
- Centre for Microfluidics
- Centre for Artificial Intelligence for Societal Needs
- Centre for Computational and Data Sciences
- Centre for Excellence in Artificial Intelligence
- Cryogenic Engineering

The Sponsored Research & Industrial Consultancy (SRIC) Cell

The SRIC looks after all the sponsored research activities of IIT Kharagpur starting from project submission, project management including accounting, recruitment of research personnel, interactions with the funding agency, protection of IPR and technology transfer. It plays a vital role in the initiation of new research initiatives of the Institute and implementation of various national initiatives.

Student Research Groups

KHARAGPUR ROBOSOCCER STUDENTS GROUP: A research group sponsored by the Centre for Excellence in Robotics with an aim to make autonomous soccer playing robots, participate in and secure podium finishes in international tournaments like the RoboCup Small Size League and Humanoid Simulation League.

AUTONOMOUS GROUND VEHICLE: A multidisciplinary research group working under the Centre of Excellence for Robotics Research working towards building a full-stack self-driving car with Level 5 Autonomy. Ventures of the group have been supported by industry standards such as SolidWorks, VectorNav Solutions, and Clearpath Robotics. AGV has also participated in international competitions like the Intelligent Ground Vehicle Competition (IGVC) and made the institute proud by securing second place.

AERIAL ROBOTICS LAB: A student research group working towards building autonomous aerial vehicles by developing drones that are capable of autonomous flight, localization in GPS-denied environments, tracking, and interaction with mobile ground robots as well as other drones. The team has successfully collaborated and completed a project with ICMR for vaccine delivery in remote locations using drones. ARK also participates in international drone competitions like IMAV and IARC. In 2019, the team bagged the First position in the International Micro Aerial Vehicle Competition held in Spain.

TEAM KART: TeamKART is the official Formula Student team of IIT Kharagpur. The team designs, manufactures and tests formula-style prototype race cars and participates in various Formula Student competitions across India and abroad. TeamKART secured an overall 10th position in Formula Bharat'20 and overall 5th place in FSEV Concept Challenge 2020.

Highlights

IIT Kharagpur in collaboration with University of Alberta, Canada has launched a Joint Doctoral Degree Program (JDP) to create academic exchange between faculty and students.

IIT Kharagpur has received IDBI trusteeship for developing light-weight parts for indigenous three-wheeler electric vehicles.

IIT Kharagpur has set up a joint PhD programme with the University of Auckland, New Zealand.

Beyond Academics

Conforming to the vision of IIT Kharagpur to enable students overall development holistically, opportunities are afforded to students to excel in a plethora of extracurricular activities. From sports to tech to social and cultural activities, KGPians have excelled in all, notwithstanding the rigorous academic schedule. Students indulge in music, dramatics, debate, dance, case studies, b-plans, product design, data analytics, and various sports and games.

The culture of active participation in various inter-hall events has helped our students prove their mettle in various national and international competitions. These activities are managed and organised by the students themselves, which provides them with an excellent platform to hone their managerial and leadership skills.

Technology Students' Gymkhana

The Gymkhana is the hub of all extra curricular activities in IIT Kharagpur be it sports, socio-cultural or technology. Gymkhana also looks after the students' welfare and ensures their well being on campus. It acts as a centre for the day to day activities of the societies operating on campus. Regular training and practice sessions take place to facilitate excellence in the performance of the student teams at various inter-varsity competitions across the globe including the Inter-IITs.

Case Studies and B-Plans

Our students have proved themselves several times by securing podium finishes in competitions across the world such as the Hult prize,the World Business Dialogue, Harvard Programme for Asian and International relations, Solvay Business Game, Global Business Challenge, Rice B-plan Competition, Corporate Valuation & Financial Modelling Competition-London and Brussels Management Challenge.

Technology Clubs

Kharagpur Open Source Society (KOSS), CodeClub, Business Club, Space Technology Student's Society, and Technology Robotix Society are among the plethora of technology clubs on campus, where they do everything from furthering open source culture and conquering space to making robots and conducting Pan-India robotics schools. Their proficiency ensures that IIT Kharagpur stands out as a champion, even among IITs.

Socio-Cultural Activities

The Institute boasts of a vibrant socio-cultural environment, where students develop, nurture and excel in diverse interests, ranging from music, dramatics, debate and dance to comedy and quizzing. IIT Kharagpur provides its students a platform to showcase their talents beyond academics through various societies including Encore and Pravah for dramatics, ETMS and WTMS for eastern and western music and Debate Society to broaden their horizons and enable a holistic development.

Student Media Bodies

IIT Kharagpur's independent student media bodies namely Awaaz and Scholars Avenue indulge in hardcore journalism with activities like on-field reporting, special interviews, internet blogging, writing op-eds, conducting opinion polls and ensuring that campus politics is almost as interesting as the country's.

Students' Alumni Cell

The Students' Alumni Cell is a voluntary student body working under the aegis of the Dean, Outreach. With the purpose of establishing and nurturing the interaction between the Institute and its alumni, the organization hosts an extravagant reunion for the Golden, Ruby, and Silver Jubilee batches every year. In addition to this, the cell has some distinguished initiatives like the Leadership Summit and the Affinity and Mentorship Programs. The organization is also a torchbearer in the Students' Pan IIT Alumni Relations Cell (SPARC).

Entrepreneurship Cell

Entrepreneurship Cell, IIT Kharagpur is one of India's largest student run entrepreneurship bodies, with a vision to promote entrepreneurship within and beyond the campus. E-Cell conducts various global and pan-India initiatives throughout the year, impacting over one lakh students, startups and other ecosystem stakeholders directly. E-cell achieved a record number of participation and impact in all our flagship initiatives: Global Entrepreneurship Summit, Local Startups Meet and Empresario, despite being online. Last year alone, four campus startups raised seed money from prominent angel investors and VCs and two got acquired.

International Relations Cell

International Relations Cell is a student body working under the aegis of the Office of International Relations shouldered with the responsibility of improving the QS ranking of IIT Kharagpur and promoting the institute on the international front. With this aim, several initiatives like Foreign Training Program, Semester Away Program, Student Exchange Program, Dyuti and the Global Hult Prize have been initiated with huge success and collaboration with top universities like Brown and Stanford.

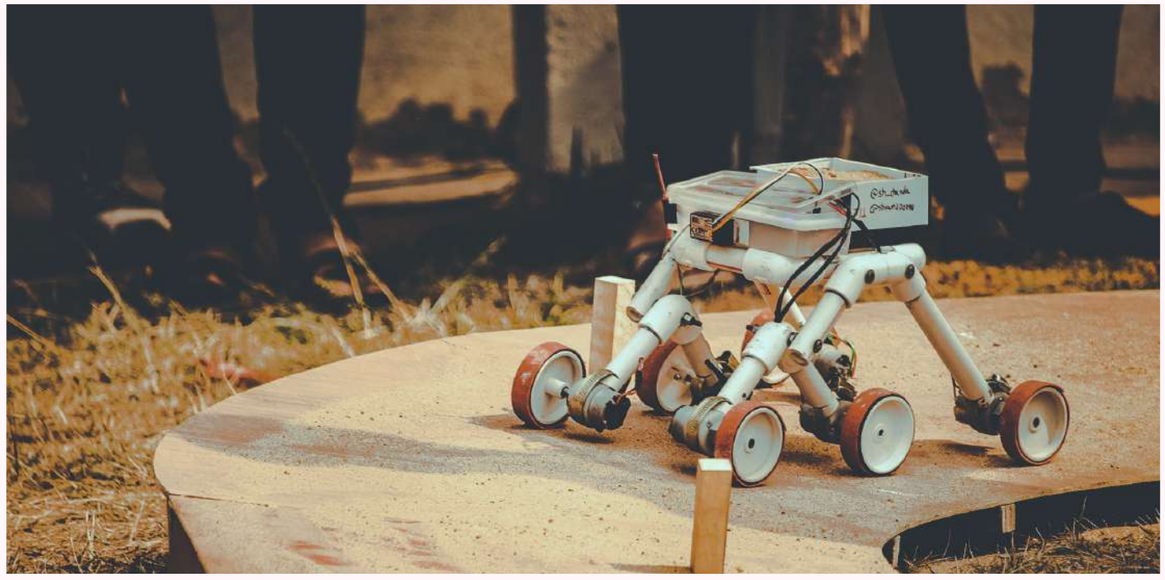
Branding and Relations Cell

Branding and Relations Cell is a student body that aims towards positioning IIT Kharagpur as a global leader in the field of science and technology. Its most prominent initiative is the Young Innovators Program, recognised by the President of India, which is an international competition for high school students.

Beyond Academics

Kshitij

Kshitij, the annual techno-management symposium of IIT Kharagpur, celebrates the spirit of science and technology and congregates students all over India to showcase their scientific and managerial dexterity. It provides an assorted mix of a galaxy of events with synchronised conduction of workshops, technical exhibitions, guest lectures and more. The latest online edition of the fest saw massive participation from across India as it recreated a virtual environment where it continued to engage, motivate, and help students innovate.



Spring Fest

Spring Fest is the annual social and cultural fest of IIT Kharagpur. With a footfall of over 80,000, Spring Fest is one of the largest of its kind in Asia. What started in 1960 as an inter-college competition has now transformed into an ever-growing festival during its glorious 62-year journey, with the 62nd edition taking place virtually. The dedication and devotion of the students result in a perfect blend of fun and frolic, of excitement and ecstasy, embedded with tantalizing professional performances from India and abroad along with an address to social responsibility with its underlying social themes.

Co-founder, Rubrik

Mr. Rahul Jaimini
Co-founder, Swiggy

Mr. K Radhakrishnan
Scientist, Indian Space Research Organization (ISRO)

Mr. Amitava H Roy
Former CEO, IFDC

Since its inception, IIT Kharagpur has produced many illustrious alumni whose contributions at the national and international level have been unparalleled. Our alumni have distinguished themselves in almost every field as scientists, academicians, technocrats, industry captains, architects, bureaucrats, and significant contributions in building modern India. A large number of them have also made their mark as successful entrepreneurs, academicians or scientists abroad. IIT Kharagpur takes pride in teaching skills and values that make them the most sought after candidates for coveted positions in business, academics and research. Our Alumni have made numerous invaluable contributions to the Institute in the form of endowment or by participating in advisory and management decisions. They are the foundation on which IIT KGP stands proudly with its head held up high.

Forbes INDIA 30 UNDER 30

6 of KGP's alumni were featured in the highly coveted Forbes 30 under 30 Asia : Class of '21, for their contribution to the field of technology and entrepreneurship.

About **Career Development Center**

IIT Kharagpur has revamped its Training and Placement (TnP) section to the Career Development Centre (CDC), which provides 360-degree career solutions to its students. CDC, through its various activities, envisions 'Creating Game Changer IIT Kgpians'. It has been established with a mission to 'Make every IITian a Career Oriented person instead of a Job Oriented Person'. CDC views all recruiters as partners in developing the careers of students at IIT Kharagpur. It is continuously engaged in building relationships with corporate sectors and furthering industry collaboration. CDC, through its orientation programs, aims to develop professional ethics among the students. It facilitates students to make decisions and pursue their careers in various sectors, including core engineering, IT, Financial, Banking, Analytics, Consulting jobs, research and development, academic institutions etc.

A new initiative of CDC has been to institutionalise the international internship program through which students of IIT Kharagpur would avail of international internships facilitated by the institute's alumni. Students right from the day are guided in making a conscious career choice. These various activities of CDC serve as a motivation for IIT aspirants who, on admission to IIT Kharagpur, can avail the unique services offered by the CDC.

CAREER DEVELOPMENT PROGRAMME

- Improve soft skills, professional communication and personality through career counselling by professional agencies/experts.
- Help prepare professional resumes by conducting resume writing workshops.
- Management development programs.
- Assisting the departments in organizing Industry oriented Workshops, leadership talks, lectures, competitions, Curriculum Oriented Career Prospects (COCP) Workshops including specialized niche areas.

INTERNSHIPS AND PLACEMENTS

- Conducting internships and placements – both national and international.
- Conducting in-house Employability Tests (ET).
- Publishing information in portal/ hard copies and communicating the same with recruiters.

CORPORATE RELATIONS

- Facilitating meetings between visiting corporate houses and Sponsored Research and Industrial Consultancy Cell and Departments.
- Collecting corporate feedback on what they are looking for in students for different types of jobs.
- Development of further interaction pattern.
- Arranging interaction sessions between corporate leaders and students (guest lecturers/ talks/ seminars)
- Alumni – Mentoring, Recruitment, Further networking (Through Alumni Cell, Dean Outreach).
- Collecting Course content feedback from the industries.

Note of Gratitude from **Chairman CDC**

Prof. Rajakumar A.
Chairperson, CDC
IIT Kharagpur

At the outset, from IIT Kharagpur and on behalf of Career Development Centre (CDC) we wish you and your entire team a happy, healthy and safe stay. We all are passing through the second wave of pandemic COVID-19 and by maintaining a COVID appropriate behavior we have resumed our preparation for the ensuing internship and placement process. Hope you and your organisation too are back in operation.

Last year was an unprecedented one but with your full support, kind cooperation and enthusiasm we were able to achieve a remarkable placement and internship figures. Our students and entire CDC team were also able to adjust themselves in this new normal and rapidly we have learnt so many new things while conducting the hiring process in online mode. It has enhanced our confidence and zeal to serve you better in this coming year also.

As of now it has been decided that internship (online hiring mode) will be conducted in the month of August 2021 onwards and final placement hiring will be done on 1st December 2021 onwards till April 2022.
We are eager to engage ourselves with your organisation to nurture the long term relationship and seeking your cooperation in this regard.

Once again, from CDC IIT Kharagpur, we wish your good health and well-being!

From **Vice-Chairpersons CDC**

Prof. Rajib Maity
Vice Chairperson
Corporate Relations

"Yogah Karmasu Kaushalam" (Excellence in action is Yoga) is the moto of IIT Kharagpur. We aspire to excellence through our action in all facets of IIT Kharagpur. The Career Development Centre (CDC) of IIT Kharagpur is not an exception. We nurture the idea of seeing a career as a continuously evolving process. Keeping this principle in mind, we seek to guide the students in developing their personality and awareness towards excellence from their first day on campus.

We organise industry-oriented lecture series/ workshops, life skills/leadership training, and interactions with experts to keep our students ready to excel in their respective professional domains. We believe such programs and interactions could motivate the young talents and help them accept the challenges towards our national progress and meet the demands of the corporate world. We welcome organisations and experts from various sectors to visit us and look forward to their constructive feedback.

Prof. Prabodh Bajpai
Vice Chairperson
Placement &
Summer Internship

The Career Development Centre (CDC) always attempts sincere endeavours to imbibe the idea of career development in our students as the active and purposeful management of their career through continuous progressive learning. CDC is an enthusiastic supporter of this idea and seeks to guide the students in developing their personality right from the beginning when they enter into this renowned Institution. We welcome organizations and experts from various sectors to visit our Institute for interaction with CDC and the students. Various industry-oriented lecture series/workshops, life skills/ leadership training, career interactions with various mainstream engineering experts are organized to keep our students abreast with the industrial trends required to excel in their respective professional domains. The students attain awareness to set their career path towards excellence by gathering consistent feedback from corporate visitors. The activities of CDC include equipping the students to hone their professional skills and acquiring the best-in-class capabilities in their respective disciplines, and motivating young talents for inter-disciplinary learning.

Prof. Monalisa Sarma
Vice Chairperson
Professional Development

Our vision of career development is not limited to creating internships and placement opportunities. Rather, we view career development as a continuous process to make the students industry ready right from the day they enters into the institute. This process involves creating ample opportunities for the students to develop their personality through soft skill development programs. We facilitates such programs organized by renowned players in the market. By organising talks of industry experts, we make sure that the students are well aware of the recent trends in the job market and prepare themselves accordingly.

Through our close interaction with both the student community and the industry, we facilitate to convey the expectation of the corporate world to the students and assist the companies to get the finest set of brains suitable for the profiles they are looking for. Our corporate interactions many times lead to further industry academia collaborations in terms of sponsored and consultancy projects. We are committed to improve our corporate interactions and bridge the gap between industry expectation and academic offering at IIT Kharagpur.

Campus Placement Programme

2021-22

Greetings from IIT Kharagpur!

It is with great pleasure that we cordially invite your esteemed organization to participate in our campus placement programme for the students graduating in June 2022.

IIT Kharagpur holds the distinction of being the first, the largest and the most diversified among all the IITs. Be it the industry or academia, the alumni of this institute have always made their alma mater proud, being responsible for the growth of multiple corporations throughout the globe. Coming from an institute with a robust academic curriculum, along with a culture of excellence in extra-curricular activities, the typical KGPian has always played a pivotal role in propelling motivation at the workspace, a habit which is cultivated right here on campus.

We have planned the following schedule at IIT Kharagpur for campus interviews of students for placements and internships:

SCHEDULE FOR INTERNSHIP & PLACEMENT DRIVE 2021-22

Final Placements First Phase: **1st December 2021 onwards**

Final Placements Second Phase: **First week of January 2022 till the end of April 2022**

Internship Selections: **August 2021 till April 2022**

Due to the ongoing COVID crisis, IIT Kharagpur is deliberating the schedule and medium for the upcoming hiring season. We will update you as and when we receive a confirmation of the same. Hence, the above schedule is tentative and prone to slight modifications.

Placement Procedure

To support the placement process, Career Development Centre has an effective online system in place. The procedure for campus placement is as follows:

1. Formal invitation with relevant information is sent to the companies from Career Development Centre, IIT Kharagpur to take part in Campus Placement

2. Companies confirm their registration and register on the Online Portal at www.cdc.iitkgp.ac.in

3. Confirmation from companies through filling up of Internship Notifictaion Form (INF) /Job Notification Form (JNF)

4. Pre-Placement Talk is conducted by Company for students

5. Final Placement Schedule is finalised by the Career Development Centre Team

6. Access of interested students' resumes is granted to the companies

7. Online Shortlisting Procedure of the company as per respective norms

8. The company is required to interview the shortlisted candidates through virtual mode and finally submit the list of selected students.
